SEP 18 2014

Dear Messrs. Wheeler and Zaslav:

FCC Mail Room

This is my third communication to the FCC concerning the Comcast/Time Warner Merger. My first was a comment on the FCC web comment page for MB 14-57. The second was in a certified letter to Mr. Wheeler.

My recent above request for the FCC to issue a Notice of Inquiry to Manhattan Community Access Corporation to identify: (1) Purchaser/Transferee of Channels 34, 56, 57, 67 (2) Intended Purchaser of 537 West 59<sup>th</sup> Street and (3) Owner of Air Rights of 537 West 59<sup>th</sup> Street.

The 3 items identify what 3<sup>rd</sup> Party benefits from what we MNN Independent Producers believe is an illegal sale of our channels and real estate for the benefit of the CBS Tisch Family PBS, NBC Universal, ABC Walt Disney, Fox, Bloomberg TV, NY1 and Alfonse D'Amato. Manhattan's 9 Franchises obscure Cable Contracts for the NYPD and other Security Agencies for substantial yearly revenues. For a brief history see below.

Nassau County Joe Margiotta put together the NY Long Island Cable Franchises. Rockefeller, Margiotta, and Alfonse D'Amato his protege, put together the NYC Cable Franchise and with Trump developed surrounding properties of Manhattan Community Access Corporation known as MNN or Manhattan Neighborhood Network. Lincoln Center development is at its height. Since 1994, the MNN Program Department depressed specifically targeted time slots to boost network numbers for greater network advertising revenues.

As a Producer who stood up against Manhattan Community Access Corporation (501(c)(3)) illegal political use of resources to promote political candidates, I was banned without a fair hearing. MNN is receiving federal, state and City funds all of which are subject to constitutional and civil guidelines. All Violated.

Discovery Communications is correct in its filing with the FCC. When the 1970 Cable Franchises were created and then in the 1980's given to Time Warner, there was a 30 year term put in place for the transfer of assets to coincide with today's proposed Comcast Time Warner merger. Clearly MNN and the City have decided to transfer MNN Channels 34, 56, 57, 67 on Time Warner. The question to whom they are transferring the channels, has been kept secret. That the real estate is intended for sale to the D'Amato/Trump banking consortium is without doubt. The surrounding properties similarly developed. East Harlem MNN's station built to fold in operations for the sale of West 59<sup>th</sup> Street. A Cable Franchise Documentary is needed.

Please issue a notice of inquiry and Discovery Communications please investigate MNN's proposed Channel sales, real estate and air rights. All of your questions will be answered and MNN forced to act within rules.
